

Bangkok November 2011

We, the Presidents of the European Chambers of Commerce of Thailand, in our capacities as representatives of our respective business communities, and Partners of the Europe ASEAN Business Centre (hereafter the EABC) declare the position of the EABC as the unique and comprehensive voice of European business in Thailand.

We assert our position as the collective advocacy platform for European business in Thailand at government level, and at external level as interlocutor with European advocacy organisations and institutions.

We look forward to working as facilitator with the governments of the region, with the EU Institutions, the European Chambers of Commerce globally and in Europe, the bilateral European chambers and trade missions abroad, and European companies in communicating the positions of European business in Thailand to policy makers and to each other.
